Comments on the Workplace Satisfaction Survey

1st and 3rd Floor

- Not satisfied coz it's too much small
- The workplace need improvements, not enough storage areas, tables and chairs and other workstation furniture should be ergonomically designed to help employees lesser work stress. And please provide pest control operation.
- The building is not fully serviced

4th Floor

- Needs improvement
- Way way below standard
- Workplace is safe and lighting is adequate
- Need more space to move on and change all the furniture
- The workplace is not suitable for doing office work. There should be a partitions and new office tables, chairs and side tables for each employees
- Not satisfied with office ventilation

5th Floor

- Below Satisfied
- Ok... Satisfied
- Need partition of each department, I don't like flooring
- So small
- Very Satisfied
- For extreme satisfaction, we need a new building
- It will be much better if we occupy our own building
- Many rodents
- Coakroaches and rodents are everywhere. I think it's about time we seriously of having a pest control services and upgrade our cleaning equipment e.g. vacuum cleaner
- Somewhat satisfied
- The floor carpet is hazardous to health, trigger allergies
- Carpets are dirty, old wirings are everywhere, not enough space for files, no open windows, no clean air to breathe

6th Floor

- No comment

7th Floor

- Not satisfied with the workplace particularly parking area for clients
- Satisfied
- Not enough parking space, too many rats, cockroaches and insects, room for training, seminars, workshop are too small, elevators are often broken

8th Floor

- Extremely dissatisfied, It's about time to move to another workplace that is clean, safe and new.
- Generally sound ok!
- Location wise, good enough. Over-all condition should be improved in terms of lay-out, flooring, storage rooms and pantries
- Quite satisfying in some aspects but need a lot of improvement
- As long as it does not hinder 100 percent of working related tasks, then I'm ok with it. The janitorial services try their best to keep the areas maintained.
- Threat the employees health and safety

9th Floor

- I'm not sure if the building is safe
- Nice and clean
- Change the building please!!!

10th Floor

- Unclean, cockroaches and rats are everywhere
- Just enough
- Not good
